### **Class Description:**

Learn how to create a lovely textured piece using green fabrics and organza, complete with two oxeye daisies all machine sewn. Learn how to couch threads for the stems and add a colourful centre to the flowers.

You can create this piece using free machine embroidery with an embroidery foot and lowering the feed dog or with normal machine stitching. The finished piece is 20x30cm. This can be used as a centre for a cushion/quilt or as a framed piece.

There is a cost of £3 for a kit (payable to the tutor on the day) of green, white and yellow fabrics plus organza and a background green fabric, please see the list of other items that you need to bring on the day.
